... attempt to replace **Senator Lott** with **Senator William Frist** protégé of **Jay Rockefeller (CFR)** (**Trilateral Commission**)

Knocking off Lott **Review the historical facts and examine the past and present players.**

Definitions by former **Senator Barry Goldwater** are helpful.

The Council on Foreign Relations (CFR) is the American branch of a society which organized in England ... (and) ... believes national boundaries should be obliterated and one world rule established.”

The Trilateral Commission (T) is international ... (and) ... is intended to be the vehicle for multinational consolidation of the commercial and banking interests by seizing control of the political government of the United States.” **With No Apologies** Goldwater

Facts about 1948 election:

Henry A. Wallace was running on in the **Progressive Party** his main platform was that of a closer alliance with the **Soviet Union**. **Wallace** was a close friend of Communist spy **Lawrence Duggan** who transferred piles of documents to the Soviets. **Venona: Decoding Soviet Espionage in America** Haynes & Klehr.

Wallace was a **New Ager**. He had written a series of letters to a Russian mystic named **Nicholas Roerich**. **Henry A. Wallace** was working for a ... “**new world order**” that would emerge when the people of light ... triumphed ...” **Wallace** signed his letters “**G**” for **Galahad**, the name given **Wallace** by **Roerich**.

Wallace ... awaited “the breaking of the New Day” when the people of “**Northern Shambhalla**” would create an era of peace and plenty.” In 1945 as **Truman’s Secretary of Commerce**, ex-vice **President Henry Wallace** invited **Anatoly Gorsky** for breakfast. **Gorsky** was the **Chief of Soviet Intelligence** in Washington. And like **Jimmy Carter**, **Henry Wallace** asked for Soviet help to promote the **Pro-Soviet Liberals** in the U.S. (**The haunted Wood Weinstein**)

Encyclopedia Americana writes this about **Wallace** ... **Wallace** “then became editor of the liberal weekly, the *New Republic*, whose circulation more than doubled before he left it in 1947. In 1948 **Wallace** became presidential candidate of the **Progressive Party**, a newly organized third party with a pro-Soviet platform ...”

Early in the year of 1948 **Wallace** defended the **Soviet seizure of Czechoslovakia**. **Henry A Wallace** *White & Maze*.

Certainly **Strom Thurmond** was the better choice.

1944 Insider Knew Roosevelt Would Not Live Out His Term

Roosevelt and the people around him knew that **Roosevelt** would probable not live out his fourth term ...

So whoever was picked as vice president was likely to be the next president.

Concerning the vice-president ... “**Roosevelt** said to clear the choice with **Sidney**.” That was **Sidney Hillman**. **Sidney Hillman** with the **CIO** had been active in the **Russian Revolution** and was a life long promoter of Communist causes in America. That is a story in itself. But **Sidney Hillman** chose **Harry Truman**.

Columnist **Victor Riesel** reported that **Hillman** was keeping **Ike** as a possible Presidential nominee. **Hillman** invited **Eisenhower** to speak at the Atlantic City **CIO** convention in 1946. 1948 was not a good year to promote **Ike** because **Ike** had just granted the **Communist government** of Poland a “Chair of Polish studies” at the school where **Ike** was president ... **Columbia**. **The Elephant that Brays**, Gary Allen, 1971.

In the **Truth About Truman** *Patrick Hoar Western islands 1984*, we find “Senator, **Harry** once urged us to support **Hitler** against **Stalin**. And visa versa” Not that bad an idea to let the two dictators expend their energies on each other. But today’s **left** is still in “**love**” with the **Communists**. It is Communism that is being enforced on America today.

“**Communism is not the people overthrowing the banking establishment but the banking establishment overthrowing the people.**”

It was Truman who had Membership In the KKK

“To Middle America, of course **Truman** seemed preferable to the screwball **Henry Wallace**. But now and again embarrassing rumors crept out about **Truman’s** onetime membership in the **Ku Klux Klan**. A witness reported he and **Harry** had joined the **Klan** on the same day, and boasted that he has been the man who introduced his fellow **Klansman Truman** to **Tom Pendergast**. It was not an uncorroborated report. Late in the [1944] campaign, the **Hearst** newspapers carried a charge that Truman had been a member of the **Ku Klux Klan** ... (**Beyond the New Deal Harry S. Truman and American Liberalism** *Alonzo L. Hamby NY ColumbaUniversity1973*).

But says **Hamby**, “the senator’s swift and convincing denial doubtless carried weight with most liberals,”

The **Council on Foreign Relations** (CFR) controlled papers let “Liberals” off the hook with such former **Klansmen** as (*Truman*,) longtime Supreme Court Justice **Hugo Black**, and the previous Senate Minority Leader, **Robert Byrd**.

Lott expressed ... the 1948 fact that **Strom Thurmond** may have been the *best candidate*. **87 percent** of **Mississippi** votes went to **Thurmond**. That was when **Trent Lott** was seven years old! **Thurmond’s** votes have been mostly **pro-American** and **anti- New World Order**.

The **Council on Foreign Relations** press of today is still angry at the **South** because it wouldn’t go for **Roosevelt** or (CFR . **Bilderberger**) **Thomas Dewey**. Four states went to **Thurmond**.

It was a **Klansman** who introduced **Truman** to **Pendergast**. **Pendergast** was the **Al Capone** of the mid West. **Truman** even after the news was out **Truman** attended **Pendergast’s** funeral *a la godfather*. After all **Pendergast** put **Truman** in the Senate in the 1934 election. It was known as the “**Bloody Election**”... it involved a hundred thousand felonies, two hundred assaults, and four murders.

After elected, **Truman** tried to stop the federal investigation of the crimes by taking the floor of the Senate and complaining. **U.S. District Judge Albert Reeves** called **Truman**'s tirade on the Senate floor ... "*the speech of a man nominated by ghost votes, elected with ghost votes and whose speech was probably written by ghost writers.*"

In the book **Give 'Em Hell Harry Truman**, Truman is quoted as claiming "**Stalin** is as near like **Tom Pendergast** as any man I know."

Once **Truman** became president **Truman**, pardoned fifteen of the **Pendergast** people who had been in prison for the vote fraud. On the wall of the **Tom Pendergast**' son, **Jim Pendergast** ... is a *signed* portrait of **Harry Truman** ... it reads "To James Pendergast Friend, Comrade, and Advisor." **The Truman Scandals** by *Jules Abels* Chicago Regnery 1956.

It was **Truman** who fired **General MacArthur** because **MacArthur** wanted to win the war. **Destroying the Communist ... is not part of the plan ...** the plan is to use the **Communists** to corral other nations into **regional alliances**. These threatened alliances are designed to morph into sections or segments of a **New World Order**.

In December of 1946 before being sworn in, **Senator Joseph R. McCarthy** of **Wisconsin** was invited to lunch with **Secretary of the Navy James Forrestal**.

McCarthy writes, "Before meeting **Jim Forrestal**, I thought we were losing to international communism because of incompetence and stupidity on the part of our planners. I mentioned that to Forrestal. I shall forever remember his answer. He said, "**McCarthy, consistency has never been a mark of stupidity. If they were merely stupid they would occasionally make a mistake in our favor.**" Seek the book: **The Strange Death of James Forrestal**

Strom Thurmond was preferable to **KKK** member **Harry Truman**, who *coddled crime families*, tricked Americans into building a **European Federal Union** by sustaining **Communists** as a motivating force.

1948 Republican Candidate Thomas E. Dewey (CFR/ Bilderberger)

The other candidate running ... was **Republican Thomas E. Dewey** (Council on Foreign Relations)(Bilderberger). **Dewey** had run in 1944 and had lost to **Roosevelt** and in the subsequent campaign four years later in 1948 **Dewey** mimicked **Roosevelt's policies** and ran against his own party.

Even though in 1946 the **Republicans** won both houses, **Dewey** was campaigning for the **Roosevelt's** "Big Government Programs". **Dewey** refused to "endorse tax-cutting, deregulating of wage and price controls and antistatist record" of the Republican congress.

The **Amerasia** case broke in 1945. It identified a vast underground Communist network. Even **J. Edgar Hoover** appeared before the **House Committee on Un-American Activities**. On every continent the **American elite** in and out of government were instrumental in giving the **communists** a helping hand.

Communism is not the people trying to overthrow the Banking Establishment ... but Communism is the Banking establishment enslaving the people ...

The entrenched **Council on Foreign Relations** quelled the questions surfacing throughout America about the obvious communist support. The **CFR** monopolized the nominations of all political parties. They promoted their own member ... **Thomas E. Dewey (CFR)** as the Republican Nominee. So that no matter which party won *they* didn't lose.

In 1944 **General Douglas MacArthur** was being drafted by people in the Republican party who thought three terms for **Roosevelt** were too much.

The **CFR** was able to eliminate **MacArthur's** opposition in 1944 in the Wisconsin primary. **Dewey** won overwhelmingly in that state, but **Dewey** was buried by **Roosevelt** voters in the general election.

In 1947 **George Kennan (Council on Foreign Relations CFR)** released a set of plans to guide foreign policy. The plan was "**co-existence with Communism**".

During these years the **reds** enslaved 1.8 billion people and killed over a hundred million. **George H. W. Bush (CFR Skull & Bones) (41)** gave **George Kennan** the **Medal of Freedom**. **Bush (41)**, at **A&M University** May 12, 1989 said: "We seek the **integration of the Soviet Union** into the community of nations ... into the **world order**."

See "**All in the Family**" at web site **Themuckraker.net**

1948 Strom Thurmond ran on a *state rights* platform on a third party against the "**American Dictator for Life**" ... **Franklin Roosevelt**.

Roosevelt had four unrelenting terms in office of continual centralization of power in **Washington**. Had the packing of the Supreme Court succeeded it might have been the end of the Republic.

Yet one **American** had the guts to call for a return of **States Rights**. **Strom Thurmond**.

He should be honored not shunned.

That very footnote in history infuriates and threatens the **New World Order** crowd.

The very idea that **Thurmond** might knock over *their* proverbial table at this crucial time caused the "*conspirators*" decades of anguish and real fear of the **South**. The 1940's were crucial because:

The **Council on Foreign Relations** called for a **European Union** that would fit perfectly into a worldwide **New World Order**. These plans were launched by the **Truman** administration. Both the **Marshall Plan** and **NATO** began under **Truman**. **George Marshall's (Council on Foreign Relations CFR)** career was immortalized in a book that should be in the personal library of even the casual history buff by **Senator Joseph McCarthy** titled **America's Retreat from Victory**.

The "*conspirators* were embarking on **three major plans** that were to morph decades down the line into their **New World Order**.

1) The United Nations set up in 1945 with its first acting head **Alger Hiss (CFR)** caught spying for the Soviets. The UN is to be the framework of the **New World Order**. **Rockefeller** donated the land for the **UN** building. **David Rockefeller** has been a director, president or honorary president of the **CFR** for 50 years.

2) The **Marshall Plan** passed under the guise of being **anti- Communist** at the very time the **CFR** operatives were supporting the **Communists**. The “**Insiders**” needed the “**threat**” as an excuse to continue to tax and herd the American people. The **Marshall Plan** selectively funded **European players** who would cooperate with creating a “**United Europe.**” Their agents were quickly promoted in a Europe devastated by war. **Joseph Retinger** and **Paul-Henri Spaak** prime minister of Belgian were “associates of **Averell Harriman** (CFR)(Skull & Bones), **David Rockefeller** (CRR) (T) and funded by **John J. McCloy** (CFR) who was U.S. High Commissioner to Germany. **The London Telegram** September 2000, reported that hard evidence shows that **OSS/CIA** head **William J. Donovan** funded and directed the European federalist movement. The **ACUE American Committee for a United Europe** was created **1948**. The **ACUE** Chairman was **William Donovan**, the vice chairman **Allen Dulles**, a founder of the Council on Foreign Relations. The board included **Walter Bedell Smith** (CFR). All three headed at one time or another the American **CIA**.

3) The **U.S.** covertly supported the **Soviet Union ...** so that the weakened **European nations**, for their very survival, joined **NATO**. **NATO** was the inchoate form for the **European Union**. American troops have been in Germany to this day to prevent an “outbreak of nationalism.” This was under the guise of fighting communism which the U.S. kept alive under the table. **NATO** is expanding today under **President George Bush** (43) (Skull & Bones) under the guise of fighting terrorism.

It is an **Orwellian perpetual war** against **terrorism** for “world peace.”

The first American ambassador to **NATO** was **William H. Draper Jr. (CFR)** during this time, his son **William H. Draper III** was inducted into the **Skull & Bones**. **Skull & Bones ...** “ was organized in 1832 in Connecticut as a branch of a **German secret society** and has maintained its occult traditions ... where secret oaths and bizarre customs are accepted as normal.” (They use coffins and human remains in their satanic rituals.) Many Bonesmen have joined the **Council on Foreign Relations**. They are part of the small clique that controls that organization.” **Brotherhood of Darkness**, Monteith, Hearthstone Publishing.

Since **William Draper Jr** was the first ambassador to **NATO** in 1945 ... **without exception** every ambassador since ... has been a member of the **CFR**.

These three plans mentioned above have **synthesized** into a regional working part of the **New World Order**. A **New World Order Army** is to be headquartered in **Brussels**. The **Euro-Pentagon** will be able to launch an army anywhere in the world. The Frenchman chairing the project is **Michel Barnier**.

In the Official publication of the CFR **Foreign Affairs** 1926, **Eduard Benes** writes ...[a European collective security agreement] represents an attempt to arrive at the same end by stages, ... by treaties and local **regional pacts** which are permeated with the spirit of the **Geneva Protocol**, ... these (are) to be **constantly supplemented** , until at last ... within the **frame work** of the [League of Nations/United Nations], **they are absorbed** by **one great world convention (The New World Order)** guaranteeing world security and peace by enforcing of the rule of law in inter-state life.”

The Butler Affair ... The Insiders Attempt to have a 500,000 man fascist force

The success of Hitler and Mussolini caused Wall Street to want to imitate. They initiated the **Butler affair**. Sovietologist **Dr. Antony Sutton** in his book **Wall Street and FDR** says ... “the **Wall Street** plot was not to dispose of **President Roosevelt** at all, but to kick him upstairs and install an assistant President with absolute powers.”

A half a million domestic troops were to be *privately financed* and put under the control of **General Hugh S. Johnson**. **Johnson** later laid down **wage and price controls**, as administrator of the **National Recovery Administration**. **General Johnson** was also **Bernard Baruch's** protégé. **Baruch** was a virtual dictator of industry during **WWI** as chairman of the **War Industries Board**.

John W. McCormack, Chairman of a Special Committee on Un-American Activities, February 15, 1935 reported to the American people ...

“In the last few week of the congressional committee’s official life it received evidence showing that **certain persons** had made an attempt to **establish a fascist organization** in this country. **There is no question that these attempts were discussed, were planned, and might have been placed in execution** when and if the financial backers deemed it expedient ... This committee received evidence from **Maj.Gen. Smedley D. Butler** (retired), twice decorated by the congress of the United States ... your committee was able to **verify all the pertinent statements** made by **General Butler ...**”

According to plotter **Gerald MacGuire** the original meeting was held at **120 Broadway**. This was the address **FDR** had for his **Georgia Warm Springs Foundation, Inc.** This was also the address of **Bernard Baruch** and his protégé **Hugh Johnson** ... the would-be **co-president** in charge of the **fascist forces**.

The **Federal Reserve** system of **NY first** had used that same address at 120 Broadway. **Henry Luce's (Skull & Bones) Time magazine** whitewashed the **Butler expose** ... going so far as to alter photos. **NY Times** the (paper of record) **omitted the Butler testimony** and performed other tricks to **mislead historians**. See **Wall Street and FDR Sutton**

Hugh Johnson had his goal of a **One World Order** for at least three decades. According to the **Journals of David E. Lilienthal (CFR)**, volume 2 ... **Bernard Baruch's** protégé, **General Hugh “Ironpants” Johnson**... thought the best timber available for the Republican Presidency in 1940 was **Wendell Wilkie**. **Wilkie** was an international Democrat until the year he ran. **Wilkie** wrote the book **One World** promoting the **New World Order**. Of course he too became a member of the secret **Council on Foreign Relations**.

After **Wilkie's** loss to **FDR**, **Wilkie** became **FDR's hired gopher** and was sent on international errands.

Money mogul **Baruch** financed **Woodrow Wilson's** 1912 campaign. **Wilson** established the **Federal Reserve**. Its address was 120 Broadway the same address where the 500,000 armed fascists plot was hatched.

President Woodrow Wilson created laws to protect his sponsors. He brought the income tax to the American people while protecting the fortunes of **Carnegie, Ford, and Rockefeller** through a system of **tax exempt foundations**. **Wilson** accomplished direct election of U.S. Senators. The state legislators could no longer appoint the **U.S. Senators** to represent the states ... so the power of the states was wrenched away to the Federal government. The **Senators** are no longer loyal to their respective States but to the lobbyists. The lobbyists, today are not solely American but more than likely the **multi-national advertisers** in the **CFR** magazine **Foreign Affairs**. The “conspiracy” hates **states rights**.

Something **Strom Thurmond** wanted to revive.

President George Bush (43) Skull & Bones will have in fact more than a **half-million domestic troops** under him and his **CFR Politburo's** control under the new “**Homeland Security Act**.”

This **Security Act** was written *years before* the **Twin Towers** attack. The Co-Chairmen were **CFR Warren Rudman** and **CFR Gary Hart** and on the committee was the President of the **CFR Leslie Gelb**.

George W. Bush's (41) (Skull & Bones) grandfather was **U.S. Senator Prescott Sheldon Bush** (Skull & Bones). **Prescott Bush** was a business partner with **Averill Harriman** (Skull & Bones). The business **Brown Brothers, Harriman & Co.** had four partners who were **Skull & Bones** members. Their business address was **120 Broadway**.

The present maneuver is to move **Republican Senator Trent Lott** aside. He was a “deal maker.” American’s loss sometimes and won sometimes. But the *insiders* want a Machiavellian under the guidance of **Democrat Senator Jay Rockefeller**. At this “dawn of the New World Order” the “conspiracy” wants a *more acceptable* “player.” The “secret plan” is to induce **Senator Don Nickles** to be the first Republican to pile on with the Democrats to get the momentum. **Nickles** for the wrong reason challenges **Trent Lott** jeopardizing the Republican majority.

The well-financed compromise candidate will be **Senator William Frist**. **Don Nickles** was faked into the move. He should read **Stasi** by John O. Koehler, Westview. Remember, the **CFR** operatives are *laced* with **CIA** connections. The **CFR** and **CIA** have the same **DNA**.

Before **William Frist** was Senator, he was appointed to chair the task force on Medicaid by **Democrat Governor Ned McWherter** in 1992. His father started **HCA** the leading owner of hospitals and has owned stock worth close to a billion dollars. The **HCA** board of directors has a number of **CFR** members such as **Thomas S. Murphy** (CFR), **Harold T. Shapiro** (CFR), and **Martin Feldstein** (CFR)(Trilateral Commission) (Bilderberger). Also **T. Michael Long** of **Brown Brothers, Harriman** and **Frederick W. Glick** of the **CIA** “front” ... the **Bechtel Group** are directors.

William Frist cast his first Republican Primary vote in **1994**.

Senator Jay Rockefeller is a member of the **Council on Foreign Relations** and is a **Trilateralist**.

Facts indicate that **Stom Thurmond** ... compared to any of the candidates for the 1948 presidency was clearly **the best candidate** for **all Americans** black and white for that year.
