In the **Sunday Times** Foreign News February 11, 2001 writer **Tom Rhodes** claims evidence that **IBM** is linked to Hitler's "**Final Solution**" ... His claim is that this Cashist corporation aided in the extermination of the Christians, Jews and gypsies who were out of step with **Adolph Hitler's Nazi** neo-pagan theology.

Thomas J Watson IBM's creator worshiped and supported Hitler. **IBM's** Chairman was *awarded* the **Merit Cross of the German Eagle with Star** by **Hitler**. **IBM** provided **Der Fuhrer** with technology to identify Germany's enemies including the Jewish population.

IBM built a factory for punch card and sorting systems next to **Berlin** to accommodate **Herr Hitler**. This was so **Hitler** could track down and kill his enemies. Both **Simon Wiesenthal** and the author **Tom Rhodes** profess or feign surprise. They have got to be dumb or ignorant of the mountain of overwhelming evidence already compiled for more than a quarter of a Century ago, that support these facts. One such book of proof is that of Sovietologist **Dr. Anthony C. Sutton** titled **Wall Street and the Rise of Hitler**. **Sutton's** critical analysis of the **Dawes** and **Young Plans** in the 1920s exposes the "cartels responsible for bringing the **Nazis** to power in **1933**." The cartels includes **General Electric, Ford, and Standard Oil**. All three of which are dominated by the *shakers* from the **Council on Foreign Relations**. The mainspring for this evil evolves around the **Wall Street Warlocks**, some who had taken the *Deadly Oaths* of the **Skull and Bones** in a "satanic sarcophagus" at **Yale University** in New Haven, Connecticut.

Skull and Bones is the nucleus of the **American Illuminati**. It was founded in **1832**. This coven inducts only fifteen senior pledges a year to its "**Brotherhood of Death**." Its rituals use human remains, coffins, nudity and satanic oaths. Examine this website for further information concerning this very "sick, and Luciferian group" which **George H.** and **George W. Bush** are key members. Rent the movie "**Skulls**" from your local video store or much better ... order **Secret Societies** (produced by **The History Channel**) from **FreeWorldAlliance.com**

The French book **Hitler et la Tradition Cathare** by **Jean Michel Angebert** reveals that **Adolph Hitler, Rudolph Hess** and **Himmler** were ... "associated with the **Thule Society**,

whose ideals were close to those of the **Bavarian Illuminati**" which was **Skull and Bones** "sister society".

A half a century ago in 1950 **James Stewart Martin** published **All Honorable Men**. In this book he explains how American and British businessmen "stifled and muffled investigations" into **Nazi** growth to "hide their own involvement."

On page 170 of **America's Secret Establishment** by **Dr. Anthony Sutton**, we learn that the conduit for *Hitler's funds* came through **Union Bank** with four members of the **Skull and Bones** serving as directors.

The directors of the **Union Bank of New York** who were associated with the **Skull & Bones** included **E. Roland Harriman**, **Knight Woolley** (director of the **NY Federal Reserve**) **Ellery Sedgewick James** (Partner Brown Bros. & Co) and **Prescott Sheldon Bush** (Partner Brown Bros, Harriman) and grandfather of President **George W. Bush**. Two other directors were **Nazis' Johann Groninger** and **H.J. Kouwenhoven**.

After **Mein Kampf**, came Hitler's second book **The New World Order**, which laid out "*The Master Plan*" ... which **George W. Bush**, the grandson descendent of **Skull & Bones Senator Prescott Sheldon Bush** is now attempting to complete. **Hitler** medal honoree **Thomas J. Watson's** son **Thomas Watson Jr.** continued the goal for an **New World Order** by becoming a member of the **Council on Foreign Relations** ... the mother group for the money mob.

Watson Jr. was a key member of four of the **CFR** political instruments: **Center for Foreign Policy Development**, **Citizens Committee for International Development** (foreign aid lobby), the **Business Advisory Council** and the **Advertising Council** (formerly The War Advertising Council) a *propaganda agency* for **New World Order** projects.

Just as his **IBM** dad *aided and loved* the **Nazis** and accepted **Hitler's medal** ... **Watson Jr.** *aided and loved* the **Communists**. In 1959 **Watson Jr.** called **North Korea** and **North Vietnam** "uncommitted nations." After a visit to the **USSR**, **Watson Jr** said, "The enthusiasm of the average Russian for his system and what it has produced is amazing. They are proud ...". In the 1960's **Watson Jr.** supplied communist **Czecho-Slovakia**, **Poland** **Hungary** and **Bulgaria** and **East Germany** with highly sophisticated data processing systems while every one of those countries was helping the **Viet Cong kill American soldiers**. In plain language that is called "**high treason**" See Article 3 section 3 of the U.S. Constitution.

Watson Jr. was such a lover of America's enemy, it is said that he almost wet his pants for glee, because he got to *personally* escort **Khrushchev** around his **San Jose IBM** plant. It is not surprising the person replacing **Watson Jr.** as chairman of **IBM** is as dedicated to a **New World Order** as was **Watson Jr's** loving father who worshipped **Herr Hitler** and his **National Socialist** movement. The newest chairman and **CEO** of **IBM** is **Louis V. Gerstner**. I'm sure if **Hitler** were alive today he would pin a medal on **Gerstner** ... for **Mr.**

Gerstner is a **Bilderberger**, a member of the **Council on Foreign Relations** and a member of the **Trilateral Commission** as is former **President George Bush**.

IBM remains an anti-American powerhouse destroying the last vestiges of **American sovereignty**. **IBM senior** vice president **Ellen Hancock** and a number of it's directors are also members of the **Council on Foreign Relations** which validates their intention to "**stay the course**."

America's "**Final Solution**" is in the works. New super sophisticated tracking of **Americans** from their phone calls, to their bank accounts, their spending habits, including cameras set up at intersections present an easy tracking for the policemen of the **New World Order** who plan to **Out-Hitler ... Hitler** in their **Gestapo** like surveillance.

There is *massive evidence* that the **Illuminati** wants to the corral our populations into urban areas where they can be controlled. Everywhere throughout the **United States** people are being driven off rural lands. Roads are being destroyed and damns have been routinely blown up in accordance with **Trilateralist Bruce Babbitt's** socialists suggestions.

Freeway sound barriers provide for **pin point gassing** of the population. Huge cement *blocks have been placed to block escape routes*. And you thought the government was **spending billions** to protect you from a *little highway noise*?

Americans are **enslaving themselves** by sending their children to government schools, using market discount cards that allow big brotherment (IGORS) to *monitor every purchase they make*. **American** are so *befuddled and afraid* to choose that they donate to **United Way** thus giving the decisions to "**liberal leaders**" to select and therefore control the "*politically correct*" charities. **Americans** then voluntarily donate to the Eastern Establishment political parties which control Congress. **Americans**, no longer **think** but rather *behave like cattle*. And like cattle, **Americans** have been *fattened up* to be slaughtered by the Cashist controllers of the **New World Order**. And ... you can thank **IBM**.

Are **You and Your Family** like the Jews and gypsies of **Nazi Germany**, preparing to "fight for" or are "willing to die" for the **New World Order**. It is up to you to change the course of Human Events because as for now "**the Illuminati**" has their man, **Louis V. Gerstner** of **IBM** in place for the **Final Solution**. This "conspirator" is a member of the **Council on Foreign Relations**, the **Bilderbergers** and the **Trilateral Commission**. Remember this ... before you ever *think* about buying **IBM** products.
